

“ Bank Street offers an excellent educational experience where the teachers are engaging and the advisement is superb. Teachers and advisors challenge you to do your best while supporting you through your growth and development as a professional. ”

Deena, Child Life

“ Teachers at Bank Street are models of progressive education. They demonstrate the same teaching principles that the graduate students are adapting for use in their own classrooms. Bank Street instructors support various learning styles, assessment methods and self-directed learning. ”

Annika, Early Childhood Special Education

“ There are two levels to every class I took at Bank Street: first, there are the lectures, class discussions, and readings about best practices in working with children. And then there is theory put into practice in the way Bank Street teachers lead discussions and classroom group dynamics, with respect, intellectual vitality, and great care. ”
